A HISTORY WITH TERMINALS AND STORAGE FACILITIES

IE Group, LLC has a history as well as current projects with Terminals and Storage facilities. Whether the facility involves crude oil, downstream product, chemical storage, transportation, offshore / onshore platforms or terminal facilities, including land based and marine facilities,

IE Group provides the services you need. These involve Instrumentation, Electrical, Engineering, Construction or Startup and Commissioning of these facilities for tanks and manifolds as well as railroad car, tank truck, barge and ship loading/unloading facilities. With millions of barrels of storage experience involving a variety of chemical, petro-chemical and product storage requirements, **IE Group** offers the expertise in this field to assure our client's needs and goals.

INDUSTRY LEADER

There's a reason why we are leaders in the industry. When our customers call upon us, they expect top notch electrical and instrumentation technicians. With every technician we employ, we make sure they are qualified and experienced in their perspective fields. We require that every technician be NCCER or NCCER PLUS certified.

Besides qualified certifications, we prepare and conduct a technical scenario exam to insure we employ knowledgeable, skilled and qualified craftsmen.

Each of our associates are personally engaged in their commitment and responsibility to perform quality work in a safe, efficient and productive manner. We emphasize this philosophy and the importance thereof, in our company's decisions involving employee promotions and opportunities for advancement.

HEALTH AND SAFETY FIRST

IE Group, LLC Maintains an On-going Commitment to Health, Safety and the Environment. We have your best interests on our minds!

We at **IE Group**, have an HSE policy within our code of Business Conduct that establishes a company-wide practice of setting and maintaining the highest safety standards. This objective not only keeps our employees safe but ensures our customer's confidence their projects will be completed on-time and with an emphasis on safety excellence!

The **IE Group** works with all of our employees to make certain they complete their responsibilities while complying with all applicable laws, industry standards and the company's stringent policies and procedures relating to workplace safety.

VISION, MISSION AND CORE VALUES

VISION

At **IE Group LLC** our Vision is to service our customer's needs and expectations with Safety, Quality, Integrity, and Client satisfaction.

MISSION

We at **IE Group** work for the success of the people we serve, by providing our clients with safe, dependable and quality service options that best suit their needs.

CORE VALUES

Our Values encompass the highest ideas of Safety, Quality and Integrity, backed with the Knowledge, Skills and Ability to meet or exceed our client's service needs and expectations.
